**[24-26] Read the passage and answer the questions.**

Many people believe that eating potatoes makes a person gain weight. This is mainly because ① they eat potatoes in the form of French fries or potato chips. If you don't fry them in oil, potatoes are a healthy food. ② They have more vitamins than apples. They keep vitamin C even after being cooked. They are a low calorie food with high fiber that protects against heart disease and cancer.

However, potatoes can be \_\_\_\_\_ when ③ they grow sprouts. This is because the amount of alkaloid in potatoes increases. This toxin can cause food poisoning. Therefore, it is important to stop eating potatoes when ④ they begin sprouting. As a tip, simply placing a few apples among potatoes prevents their sprouting.

**24** What underlined "they" is different?

- ①                                      ②                                      ③                                      ④

**25** Why do many people believe eating potatoes makes them gain weight?

- ① Because they eat steamed potatoes  
② Because they eat fried potatoes  
③ Because they eat raw potatoes  
④ Because they eat sliced potatoes

**26** Which of the following best fits in the blank?

- ① strong  
② harmful  
③ more healthful  
④ delicious

**[27-29] Read the passage and answer the questions.**

Thomas Edison changed the world. As ① he did in 20th century, Steve Jobs changed the world in the 21st century. With Macintosh computers, ② he changed the whole computer industry. With the iPod, he changed the entire music industry. With the iPhone, he changed the entire communication industry. Unlike Edison, however, Jobs was not a real \_\_\_\_\_. Actually, ③ he did not invent anything. What he did was to combine good inventions in creative ways. One example was his creative use of beautiful computer fonts. Jobs came up with the ideas for them from his calligraphy class in school. Desktop icons for computer screens were another example. After he found desktop icons at another company, ④ he developed the graphical user interface with them.

**27** What is the main idea of the passage?

- ① Steve Jobs was an excellent inventor.
- ② Steve Jobs was creative in ways to combine things.
- ③ Steve Jobs created the desktop icons for the computers.
- ④ Steve Jobs wanted to change the world.

If you are planning to travel in Europe, you should put Belgium on your list. It has powerful neighbors: France, Germany and The Netherlands. These countries have occupied Belgium one after another throughout history. Because of this, Belgium has the cultures of these countries. The three official languages of Belgium are a good example. Most people in Belgium speak Dutch, and French is the second most popular language. Less than 1% of the people speak German. In addition, the country itself is a museum. Every building and artwork on the street has historical value and shows the character of the neighboring countries. Belgian food also shows cultural similarity to its \_\_\_\_\_. You can have the Belgian version of beer, sausages and fries, and they taste even better than the French or German version. Don't forget that Belgian fries are eaten with mayonnaise, not ketchup. You can also taste the best waffles and chocolates in the world.

**30** What is the main idea of the passage?

- Ⓐ The best country to visit in Europe is Belgium.
- Ⓑ There are three languages in Belgium.
- Ⓒ Belgian food tastes better than French or German food.
- Ⓓ People can experience different cultures in Belgium.

**31** Which of the following best fits in the blank?

- Ⓐ neighbors      Ⓑ competitors      Ⓒ ancestors      Ⓓ enemies

**32** Which of the following is NOT true about Belgium?

- Ⓐ France, Germany and The Netherlands have been friendly to Belgium.
- Ⓑ Most people in Belgium speak Dutch or French.
- Ⓒ Many buildings in Belgium have historical value.
- Ⓓ Belgian waffles and chocolates are the best in the world.
